MEMORANDUM FOR: Chief, Research & Development Division, OEL

SUBJECT : Disclosure of Classified Information

REFERENCE : Director of Security Memo of 10 April 1963
to EA/DDR, "U.S. National Disclosure
Policy, revised."

1. This memorandum provides policy guidance on the disclosure of classified information such as that which is handled under the Defense Department RDT&E Project Summary.

2. CIA research and development projects which may be disclosed under terms of the National ELINT Plan RDT&E Program will be classified NOFORN. This is desirable and necessary to ensure proper handling of CIA classified information under terms of proposed DOD Directives which will establish controls on the handling and disclosure of classified information through foreign contacts and liaison.

3. Classification of our projects under the NOFORN limitation will assure proper handling of this information under terms of the above proposed directives, but at the same time, will not restrict the dissemination of our project information where appropriate arrangements are made with the DD/P.
